

“All plants are not created equal, particularly in their ability to support wildlife. Most of our native plant-eaters are not able to eat alien plants, and we are replacing native plants with alien species at an alarming rate, especially in the suburban gardens on which our wildlife increasingly depends.” — Doug Tallamy

Dayton Area Native Plant Businesses

Birdsong Landscapes

Birdsong Landscapes specializes in prairie and woodland seedings. We also offer invasive plant removal, pollinator garden design and installation, and woodland management.

birdsong.austin.miller@gmail.com; www.facebook.com/BirdsongLandscapes

Owner: Austin Miller, Spring Valley

Deeply Rooted Landscapes

Deeply Rooted Landscapes offers consultations, garden design and installation, and plant sales. We work in all settings: residential, corporate, HOAs, government, and non-profits.

www.deeplyrootedlandscapes.com; **Owner: Kara Maynard, Vandalia**

Go Natives Now

Go Natives Now is a longstanding native plant nursery that has been on hiatus for the past few years and is now ramping back up. This year we will be featuring milkweeds, important keystone plants, and hopefully some spring ephemerals. www.gonativesnow.com; **Owner: Sue Saari, Lebanon**

Goldfinch Garden Design

Goldfinch Garden Design transforms landscapes through consultation, design, installation, and management services, including invasive species removal and stone work. Blending ecological science and aesthetic design, our skilled crew creates vibrant native landscapes that boost biodiversity and support pollinators. goldfinchgardendesign.com; **Owner: Molly Finch, Yellow Springs**

Meadowsweet Ecological Landscapes

Meadowsweet Ecological Landscapes is a native plant design and landscaping company run by two sisters with 20 years of experience. Our offerings include site analysis and consultation, garden design, invasive plant removal, and landscaping services.

meadowsweetel@gmail.com; **Owners: Brooke and Aubrey Medlin, Southwest Ohio**

The Milkweed Patch, LLC

The Milkweed Patch can provide you with a variety of milkweed plants and nectar plants that benefit monarch butterflies and other pollinators. Check out our website for a catalog and list of sales where you will find us. If you can't make it to a sale, contact us for other arrangements.

www.themilkweedpatch.com; **Owner: Ruth Bowell, Troy**

Nadia Malarkey Garden Design

Nadia Malarkey is a garden and landscape design professional who began her practice in 1996. She specializes in providing a comprehensive and personalized landscape design service throughout the Midwest and beyond. Her work is synonymous with creating spaces that are architecturally dynamic, aesthetically pleasing, and ecologically regenerative.

design@nadiamarkey.com; nadiamarkey.com; **Owner: Nadia Malarkey, Yellow Springs**

Native Ohio Plants, LLC

Native Ohio Plants is a nursery that grows and sells only trees, shrubs, and wildflowers native to Ohio—mostly southwest Ohio. Plants are grown from seed collected from local sources, propagated, and grown outdoors at the nursery. nativeohioplants.com; **Owner: Ron Corbett, Tipp City**

Patrick Goes Native

Patrick Goes Native offers professional landscaping analysis, consultation, design, and implementation services for your home, business, and community spaces, specializing in prairie installations and pollinator gardens utilizing native plants. We also provide small-scale invasive species removal, targeting non-native plants. We are also available for speaking engagements.

www.patrickgoesnative.com; **Owner: Patrick Higgins, Xenia**

Regenerate Garden Co.

Regenerate Garden Co. is a regenerative landscaping company working year-round to help folks grow beautiful, natural landscapes that produce food, sequester carbon, and promote biodiversity. We offer consultations, design, installation, and maintenance, striving to create unique, intentional gardens and outdoor living spaces that make sense for a changing world. regenerateohio.com

Owner: Jonny Thomas, Dayton

Tadmor Greens

Tadmor Greens is a native plant nursery selling every Saturday at the 2nd Street Market from May through October. We offer a variety of native perennials and grasses throughout the growing season.

www.tadmorgreens.com; **Owner: Charlie Greene, Dayton**

Dayton Area Wild Ones (DAWO) is a regional chapter of **Wild Ones**, a national organization that teaches about the benefits of using native plants to create natural landscapes. The primary goals of DAWO are to educate and support homeowners as they develop their own native landscapes, to educate the public, and to enhance public spaces in our local communities.
